

# **Mentadbir Pembangunan: Signifikan Dan Relevansi**

**Nasrudin Mohammed**

## *Abstract*

*This paper discusses the main conception of development administration. It looks at various issues concerning development in Malaysia with special reference to the subjects of administration and development holistically. The basic concepts of development and administration are re-visited and compared by looking at some issues which were highlighted by the mainstream newspapers. Issues are analysed and discussed in view of the current governing policies set by the government.*

**Keywords:** *development administration, policy analysis, public service*
